Mechanical Devices

Size 12

(Automation) Type A

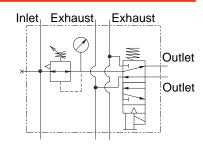

Inlet Port 3/4

- · Common exhaust ports.
- Valves are built to the ISO 5599/I mounting standard. (SAE valves also available – Consult ROSS.)
- Outlet ports are 1/2".
- Each unit supplied with electrical cord and cord grip.
- Modules (of like sizes) can be stacked to fit application assembly hardware included.

PMD-HR(1S52N)-N12-A-1E

Header with regulator and single solenoid 5/2 valve. Includes 2-meter cord with light and cord grip. See below for other valve options.

Dimensions inches (mm)

Height	Width	Length
3.6 (92)	11.5 (293)	8.4 (214)

Valve Options

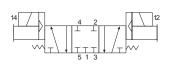

Weight lb (kg) 17.0 (7.8)

PMD-HR(2S52N)-N12-A-1E PMD-HR(2S53B)-N12-A-1E With double solenoid. With 5/3 closed center

With double solenoid, 5/2 valve.

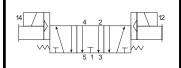

With 5/3 closed center valve.

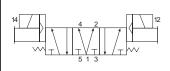

Exhaust,

PMD-HR(2S53E)-N12-A-1E With 5/3 open center valve.

PMD-HR(2S53P)-N12-A-1E With 5/3 power center valve.

Accessory Kit (PMD-KITA):

Kit includes electrical junction box (608F94 – see page 16) with twenty terminals and four silencers.

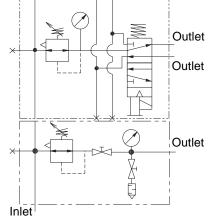

These manifold assemblies may also incorporate circuits from the PAD-size 12 products on pages 4 and 5.

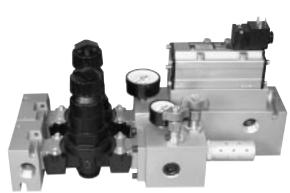

Exhaust

For example:

PMD-HR(1S52N)-N12-A-1E

PAD-HRB-N12-A

Mechanical Devices

Size 12

(Automation) Type B

Inlet Port 3/4

- Valves are built to the ISO 5599/II mounting standard.
 (ISO 5599/I and SAE valves also available Consult ROSS.)
- Outlet ports are 1/2".
- Common exhaust ports.
- Modules (of like sizes) can be stacked to fit application assembly hardware included.
- Each unit supplied with 2-meter electrical cord and cord grip.

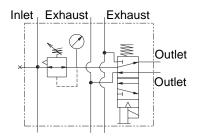

PMD-MR(1S52N)-N12-A-2E

Manifold station with interposed regulator and single solenoid 5/2 valve. See below for other valve options.

Dimensions inches (mm)		
Height	Width	Length
3.6 (92)	11 5 (203)	8 4 (214)

Double solenoid option shown.

Weight lb (kg) 8.0 (3.7)

Valve Options

PMD-MR(2S52N)-N12-A-2E

With double solenoid, 5/2 valve and regulator.

PMD-MR(2S53B)-N12-A-2E

With 5/3 closed center valve and regulator.

PMD-MR(2S53E)-N12-A-2E

With 5/3 open center valve and regulator.

Accessory Kit (PMD-KITB)

Kit includes electrical electrical junction box (608F94 – see page 16) with twenty terminals, two silencers and end-stations.

Accessory Kit (PMD-KITC)

Kit includes manifolded inlet L-O-X® valve, electrical junction box (608F94 – see page 16) with twenty terminals, three silencers, and end-stations.

When ordering PMD units (pgs 9 & 10), specify:

10

Port Thread Type:

N = NPT

 $\mathbf{B} = \mathsf{BSPP}$ $\mathbf{S} = \mathsf{SAE}^1$ PMD-MR(1S52N)-N12-A-2E

Voltage (for units with solenoid valves):

E = 100-110 volts 50 Hz; 100-120 volts 60 Hz; 48 volts d.c.

W = 24 volts d.c.; 48 volts 60 Hz

¹ Consult ROSS for availability.
